**CedarCrestone Renews Oracle Specialization in Service-Oriented Architecture**

**Alpharetta, GA – August 3, 2011** – CedarCrestone has renewed their Oracle Specialization in Service-Oriented Architecture (SOA). On September 13, 2010, CedarCrestone—an Oracle Platinum Partner—solidified its expertise as a SOA solution provider when it achieved the designation of being “Oracle Specialized in SOA.” The SOA Specialization is a category within the Middleware Specialization pillar, one of five Specialization pillars. By attaining Specialization, Oracle recognizes CedarCrestone’s leadership and commitment to delivering cutting edge SOA services and solutions.

The qualification process required CedarCrestone to meet business criterion through the submission of both client references and transactions, and meet competency criterion in which their consultants must complete and pass the applicable Specialists Assessment tests.

For more information about Oracle Specialization and the benefits visit the [Specialization page](#) found on Oracle’s Partner Network (OPN).

**About the Oracle PartnerNetwork**

Oracle PartnerNetwork (OPN) Specialized is the latest version of Oracle's partner program that provides partners with tools to better develop, sell and implement Oracle solutions. OPN Specialized offers resources to train and support specialized knowledge of Oracle products and solutions and has evolved to recognize Oracle's growing product portfolio, partner base and business opportunity. Key to the latest enhancements to OPN is the ability for partners to differentiate through Specializations. Specializations are achieved through competency development, business results, expertise and proven success. To find out more, visit <http://www.oracle.com/partners>.

**About CedarCrestone**

CedarCrestone delivers industry-focused client success by providing consulting, technical, and managed services for the deployment, management, and optimization of Oracle applications and technology.
