

The combination of CedarCrestone's experienced consultants, hosting capabilities, and upgrade lab provided us with a complete solution to support our current applications and smoothly upgrade to more recent versions of software.

Paul Czarapata
Chief Technology Officer

UMass had a clear set of criteria for the selection of our new provider. We were looking for a financially and legally stable vendor that had a proven methodology, a deep understanding and experience of the Student Administration application, a strong track record of credentials and references, and was a proven Oracle partner.

Robert Solis
Chief Information Officer

ABOUT CEDARCRESTONE, INC.

CedarCrestone delivers industry-focused client success by providing consulting, technical, and managed services for the deployment, management, and optimization of Oracle applications and technology.

Strategic services to meet your needs today *and* tomorrow

CedarCrestone provides project management, functional, technical, and management consulting services to plan, implement, upgrade, and/or manage and host ERP solutions using the latest technology, including Service-Oriented Architecture (SOA).

Education and Research

REAL CLIENT SUCCESS FOR HIGHER EDUCATION

CONSULTING • TECHNOLOGY • MANAGED SERVICES

We Understand Higher Education

CedarCrestone has provided solutions to over 300 colleges and universities. Our higher education consultants average 13 years of higher education experience and 10 years of Oracle and PeopleSoft experience. They have worked as faculty, senior administrators, and leaders in academic, student, human resources, financial, and information technology organizations.

Proven Methods and Tools

CedarCrestone's Propel Methodology blueprint ensures a business process-centric approach that promotes knowledge transfer, keeps the project within scope, follows well-defined processes, and results in quality deliverables. Our projects consistently finish on time and within budget.

Strategic Technology Solutions for Colleges and Universities

Higher education must continue to adapt and respond to the challenges of reduced budgets, cost containment, and increasing expectations.

*Where is your institution now?
Where are you going next?*
